MEMORANDUM FOR: Military Personnel Division

Attention: [REDACTED]

SUBJECT : Additional Nominations for Position A-8271, PAFSC-2316

1. It is requested that additional nominations be made for a staff officer with a PAFSC of 2316 for position A-8271. In making the nominations, it is desired that consideration be given to officers who have outstanding records in this field. It is also requested that this position be filled with a rated officer, as it is felt by Project officers that such an officer would better meet the requirements of the Project.

2. The file on [REDACTED] has been very carefully reviewed by members of this staff, including [REDACTED] and it has been determined that an officer with more experience and ability in this field should be nominated for the position. It is also pointed out that [REDACTED] is not a rated officer which we believe to be a requisite for this position.

3. The duties and responsibilities of the incumbent of this staff officer position would greatly influence the operation of this Project. It is therefore recommended that additional nominations of the most competent officers available be made as soon as possible.

[REDACTED]
